- I will not impersonate another student or be impersonated in the examination;
- I will not obtain or seek to obtain an unfair advantage in the examination via any means such as communicating or attempting to communicate with any other person, or seeking or attempting to seek assistance on any forums on the Internet, or on any social media or communication applications (including but not limited to any crowdsourcing websites or applications); neither will I give or attempt to give assistance to another student in taking the examination;
- For an examination which permits the use of calculators, I will use only an approved model as announced by the Examinations Secretary, unless otherwise prescribed by the examiner(s);
- I will stop writing immediately at the designated end time of the examination, and will make no modification to my script thereafter;
- I will follow the “Regulations Governing Students’ Academic Conduct Concerning Assessment” of the University, the examination instructions as announced by the Examinations Secretary with regard to the running of the online examinations in general and specific instructions given by the examiner(s) for the examination I will take.
